EXPERIENCE

Software Engineering Intern June 2026 - Present
VineForce IT Services Pvt. Ltd., Mohali

- Worked on enterprise-level web applications using Angular framework.
- Developed dynamic and responsive user interfaces using Angular, TypeScript, HTML, and CSS.
- Assisted in backend development using C#, ASP.NET, and SQL databases.
- Collaborated with senior developers to debug, optimize, and improve application performance.

DSA Internship (C++) June 2025 - July 2025
IIT Kanpur Mentorship Program

- Improved DSA skills through C++ projects evaluated by IIT Kanpur mentors.
- Enhanced problem-solving skills using Data Structures and Algorithms.
- Completed multiple coding tasks focused on logic building and optimization.

PROJECTS

Hospital Management System [GitHub Link](#)

Developed a full-stack Hospital Management System using Angular, .NET Core / ASP.NET Web API, and SQL Server to streamline hospital operations and patient data management. Implemented CRUD operations for patients, doctors, admissions, rooms, and beds with efficient relationship mapping and resource allocation.

Real Estate Website [GitHub Link](#)

Developed a modern and responsive real estate platform using React.js and Tailwind CSS. Users can easily browse, compare, and explore properties with smooth navigation and mobile-friendly design.

Parlour Website [GitHub Link](#)

Developed a responsive parlour management web application using React.js, Node.js, Express.js, and MongoDB. Implemented features such as service booking, customer management, appointment scheduling, and responsive user interfaces for smooth user experience and efficient salon operations.

LANGUAGES

- English
- Hindi
- Punjabi

EXTRA-CURRICULAR ACTIVITIES

- Regularly practice Data Structures and Algorithms using C++.
- Continuously learning modern web development technologies and frameworks.
- Active contributor on GitHub with frontend development projects.
